

I, _____ phoned the NATIONAL GRID today (___/___/20___) to report a possible gas leak, either on the gas meter or elsewhere.

Under the requirements of the Gas Safety (Installation & Use) Regulations 1994, in order to safeguard life and property, the gas supply has been turned off at the emergency control valve. The NATIONAL GRID emergency service has been contacted on **0800 111 999**.

A NATIONAL GRID engineer will be calling at this property to attend to the gas escape as soon as possible.

The NATIONAL GRID Emergency Reference Number is; _____

Please do NOT turn the gas supply back on, until the NATIONAL GRID advise you that it is safe to do so. Thank you.

AM ref; NGE-20120811
